

NeuralCare AI

Team & Founders

Leadership Profiles

Confidential — For Investor Use Only

June 2026 | Singapore

Co-Founders

Dr. Aisha Rahman — Co-Founder & CEO

Education	MBBS (NUS Medicine, 2014) MRCPsych (Royal College of Psychiatrists, 2018) MSc
LinkedIn	linkedin.com/in/aisha-rahman-md
Prior Role	Consultant Psychiatrist, Singapore General Hospital (2018–2023)
Prior Exits	None — first-time founder

Dr. Rahman brings 9 years of clinical psychiatry experience combined with a machine learning postgraduate degree. She led the IMH-SGH telepsychiatry pilot (2021–2022) reaching 4,200 patients, which directly inspired NeuralCare. She holds 2 patents on AI-assisted mood disorder detection (filed NUS TTO). Named in Forbes 30 Under 30 Asia Healthcare (2024). Fluent in English, Malay, and Tamil.

Marcus Tan Jia Wei — Co-Founder & CTO

Education	BEng Computer Engineering (NTU, 2013) Stanford ML Certificate (2019)
LinkedIn	linkedin.com/in/marcus-tan-jw
Prior Role	Staff Engineer — Recommendations, Grab (2015–2023)
Prior Exits	Acquired startup (Shuttl — logistics ML): acq. by Grab 2017

Marcus built Grab's driver-matching ML pipeline serving 8M daily requests. He architected NeuralCare's real-time mood inference engine (sub-100ms inference latency) and crisis detection classifier (96.2% recall on held-out clinical dataset). He manages a team of 4 engineers and leads all infrastructure decisions. Active OSS contributor (3,200 GitHub stars on mental-health NLP toolkit).

Priya Nair — Co-Founder & COO

Education	BA Economics (University of Delhi, 2012) MBA (INSEAD, 2016)
LinkedIn	linkedin.com/in/priya-nair-sg
Prior Role	Engagement Manager — Healthcare Practice, McKinsey & Company (2016–2023)
Prior Exits	None — first-time founder

Priya led McKinsey engagements for MOH Singapore, IHH Healthcare, and Prudential's regional health insurance division. She designed the employee assistance programme for a 12,000-person SEA enterprise that reduced sick days by 23%. At NeuralCare, she owns B2B sales, clinical partnerships, and regulatory strategy. She closed all 12 current enterprise accounts personally.

Key Hires & Advisors

Name	Role	Background
Dr. Tan Wei Ling	Medical Advisor (Board)	Former Chief Psychiatrist, MOH Singapore

Prof. James Lim	Clinical Advisor	Head of Psychiatry, NUS Medicine
Sarah Okonkwo	Head of Product	Ex-Calm (Senior PM, 4 yrs); NUS Psychology
Ahmad Fauzi	Country Lead — Indonesia	Ex-Halodoc Head of Partnerships
Li Mei Zhang	Data Scientist	PhD NLP, NTU; ex-A*STAR

Board Composition

The NeuralCare board currently comprises the 3 co-founders plus Dr. Tan Wei Ling (independent medical director). Two board seats are reserved for lead Seed investors. The company has adopted a Founders' Agreement with equal equity split between co-founders subject to a 4-year vesting schedule with a 1-year cliff. No unilateral veto rights exist — all material decisions require board majority.
